FALCONAIRE

1963

IN MEMORIAM

On May 25, 1962, sadness fell over the entire community when the news of Miss JoAnn Grodecki's death was heard. She was a freshman in Falconer Central High School, with great evidence of leadership. She was vice-president of her class and dependable in all respects. She was a very musical young lady. She played the violin in the senior orchestra and played piano as accompanist of the junior choir. Her ability in school as a student was also outstanding. Miss Grodecki was respected and liked by both faculty members and fellow students. Therefore, this page of the 1963 Falconaire should be in memory of Miss JoAnn Grodecki.

JO ANN GRODECKI

DALE WARNER

On October 7, 1962, a second tragedy saddened the school and community. Dale Warner had only spent a short time in the high school building, but his pleasant smile and personality had already made many friends and acquaintances; thus, this page is also dedicated to the memory of Dale Warner.

FOREWORD

The 1963 Falconaire Staff shall present in the following pages our theme, "America, Our Heritage." In years to come, as we turn the pages of our Falconaire, we will have varied and vivid recollections. Will we remember clearly the faces of friends we knew so long ago? Will we remember school days, term papers, Regents, book reports, and our dreams for the future? How can we forget the many friendships that we formed and the hours we spent with those whom we came to know and respect both faculty and students?

The woven pattern at F. H. S. is full of color and movement. Where does the past leave off and the present begin? They will always be a part of us, and we of them.

We have accepted the idea that the future is now, and the practical rules can be made to shape it, rules which can evolve into principles and guides for the future. Yet to leave memories of our school behind us is to bury a great treasure and forget to mark its grave. We shall never allow ourselves to do that. We shall look into our old album as if it were a mirror and see ourselves once again. The weaving goes on, intertwining old and new.

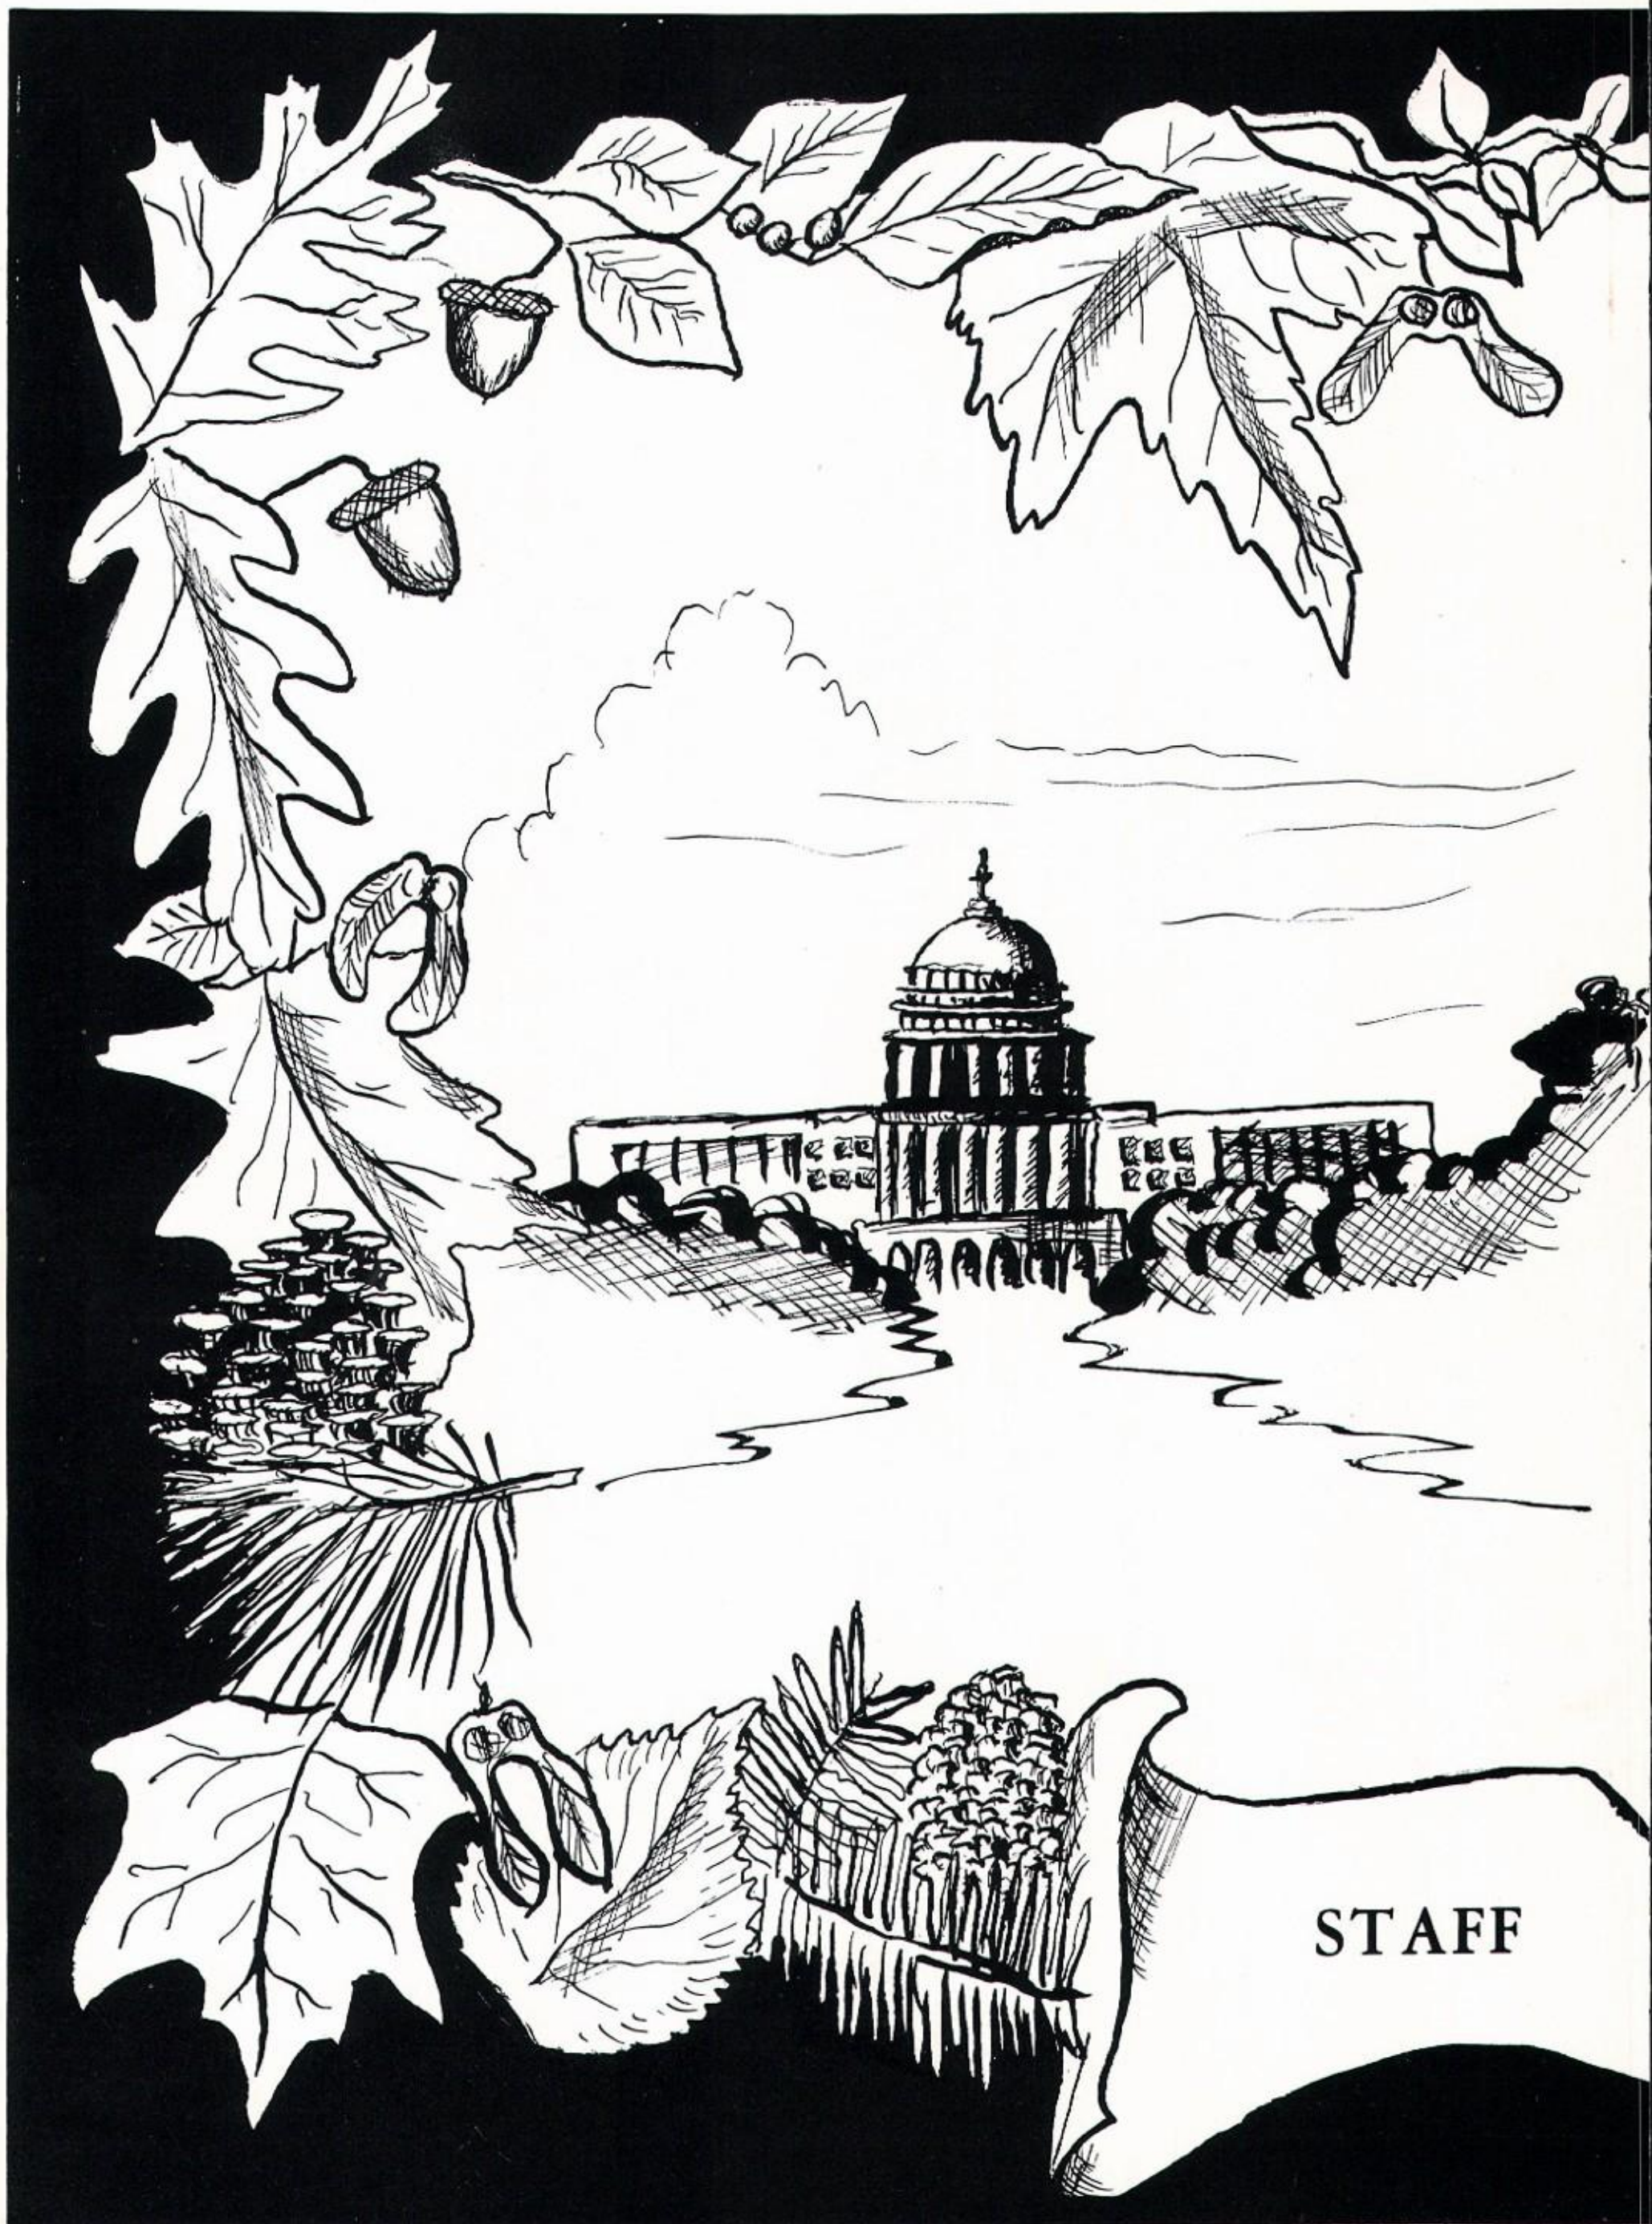

Our memories go with us into the future. This is our heritage of Falconer High.

Mr. Daniel Lounsbury
Clarion State Teachers College

DEDICATION

The yearbook staff is pleased to dedicate the 1963 Falconaire to Mr. Daniel Lounsbury. He has strived for eight years to make the school as friendly as possible. There is never a dull moment in his life. As the driver education instructor, he has many things to be nervous about. Every semester, 24 new students learn principles of safe driving. Along with that, he is the wrestling and track coach. Besides having regular school hours, he spends much time after school preparing the boys for the sectional meets. In Mr. Lounsbury, we find a true friend. Therefore, we, the yearbook staff, dedicate this yearbook to Mr. Lounsbury as a small token of our appreciation.

GREGORY BENSON

Greetings to Graduates:

You are leaving our School during a most exciting period in our history. Scientific and technological advances have been taking place at a breath-taking speed. Many of the visions dreamed up by fictional writers seeking to depict adventure in the world of fantasy have now become realities. Each success achieved may place new and different requirements upon your mode of living.

Those who have learned their lessons well will continue to use the tools of learning to make the necessary adaptations. Your high school training will be an invaluable asset to you as you strive to keep pace with the newest developments. However, you cannot rest on your laurels. You must continue to reach out for more knowledge and skill. Prepare yourself to meet the challenges of the space age, and you will live richer and more satisfying lives. You will also make greater contributions as citizens in our democracy.

Best wishes for success!

Sincerely,

Gregory Benson

Dear Friends:

Writing for the school annual is a privilege. It provides an opportunity to focus on some of the ideas which should motivate all of us who are involved in public education.

We forget

that our present curriculum and facilities are the result of decades of considered thought and experience, dating from 1647;

that through school activities the sincere student is encouraged to develop characteristics of scholarship, patriotism, co-operation, leadership and responsibility;

that with the assistance of local and state funds each student is offered six years of education costing about \$3000;

that in other nations millions of young people yearn for such opportunities.

These are among the many gifts of United States citizenship.

Does our effort merit these gifts?

We have a strong obligation to our forefathers, our neighbors and our state.

At no time in United States history has the responsibility of citizens and youth been greater.

The challenge is immense.

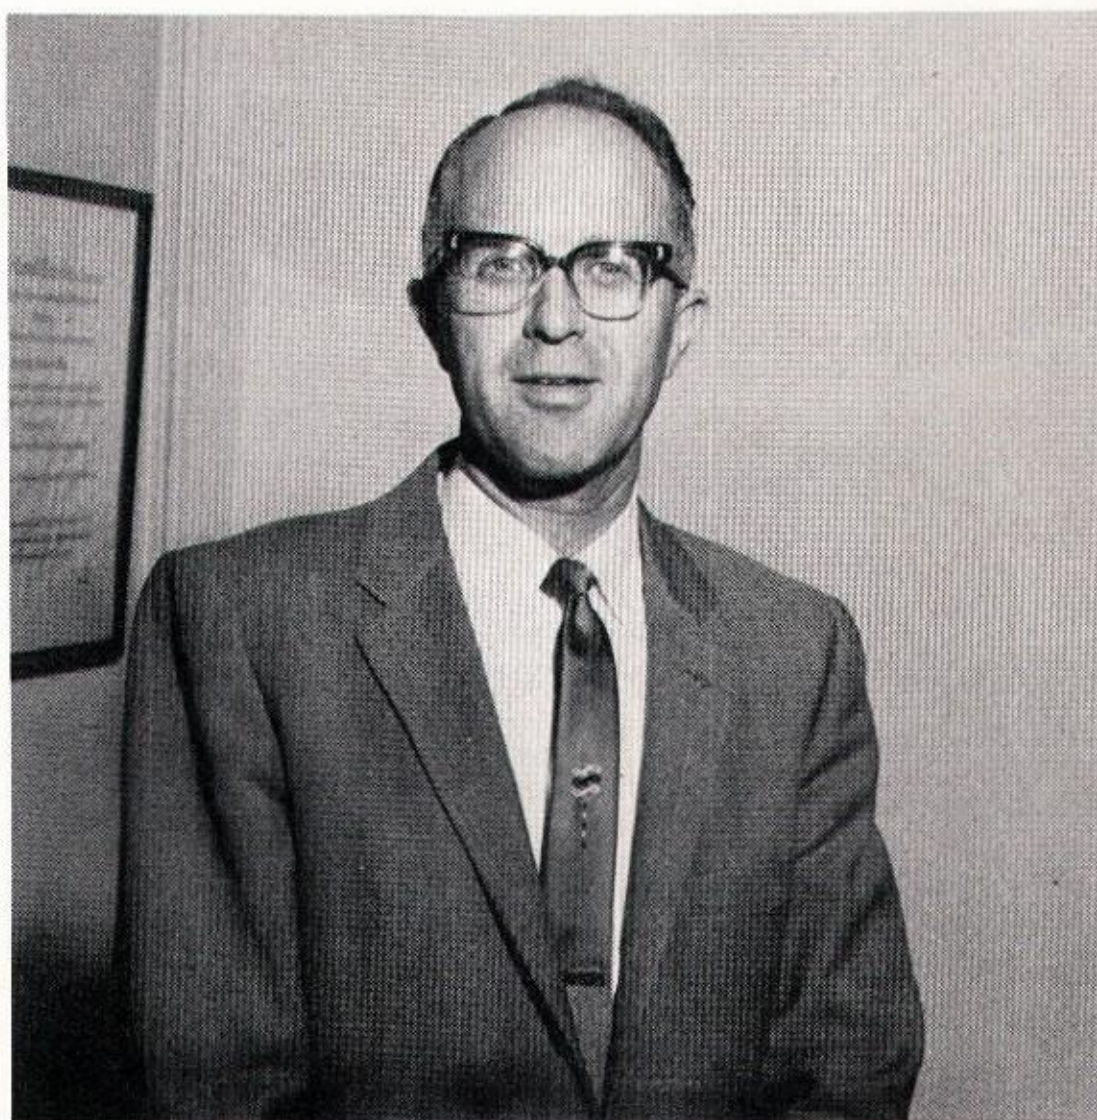

Accept this challenge. Now, tomorrow, everyday give your best of physical and mental talents to a nation which offers you the privileges of economic plenty and individual freedom.

On behalf of the staff and myself, congratulations and best wishes to the class of 1963.

BOARD OF EDUCATION

Mr. Lawrence Anderson
Vice President

Dr. Roger Fales
President

Mrs. Elizabeth Larson
Clerk

Mr. Donald Sandberg

Mr. Albert Edstrom

A great deal of the school's success depends on a smoothly running Board of Education. The members of this board are public minded citizens who give their time to help us in any way they can. We often take these things for granted, but we must remember that the worth of our school system depends greatly upon these capable individuals, who help to provide opportunities to broaden our education.

Mrs. LaVerne Varmee

Mr. James Wiltsie

Mr. Maynard McCullor

OFFICE STAFF

HIGH SCHOOL OFFICE

Mrs Astrid Becker, Mrs. Nancy Stimson

"Behind the scenes" work is very important for the smooth running of the school. The duties of our capable office staff are many and varied. The pleasant staff members issue late passes, run the lost and found department, issue permits for absence, and sell book covers, in addition to all their other duties. These dedicated individuals keep our school on a daily routine and a smoothly running time schedule.

They provide the wide variety of food the teenager needs to be healthy and happy. The workers also keep the cafeteria a neat and clean place in which to eat.

NURSES

Every student who has been out sick must be checked by a nurse before he can re-enter his classes. This is an important part of the nurses' job in keeping all the students in good health. Checking eyes, ears, heights and weights is another necessary job. Along with many other duties they do, they are necessary in helping our school to run more smoothly.

FOREIGN

FRENCH

Falconer Central High School is fortunate in having three years of French. French I and II are not regents courses. French III, however, has a regents exam. Mrs. Fischer not only teaches, but is a prominent contributor to *La Revue Française*, the French newspaper.

MRS. GRACE FISCHER

ART

Numerous art and craft activities make 205 a beehive of industry. Senior high students participated in oil or water painting, house design, building scale models, ceramics, fashion designing, jewelry making, hooking rugs and advertising design. In preparation for these advanced projects, students in Basic Art and General Art learn the fundamentals of color, shading, lettering, perspective, advertising design, painting and craft work. The highlights of the year were trips to the Corning Glass Center and to The Albright-Knox Art Gallery in Buffalo for the Andrew Wyeth Exhibit.

MISS MARJORIE THOMAS
Keuka College

LIBRARY

The library is located on the second floor in the older part of the school. In size, it is equal to the area of about three standard classrooms and seats fifty-four students at fourteen tables. There are also a work room and conference room at one end.

Our library now has a collection of about 5700 books and subscribes to 64 periodicals. It has a fairly large and up to date collection of reference books.

The librarian is aided in her work by a clerical assistant and by the voluntary services of the student Library Staff.

LANGUAGE

MR. STEIG OLSON
University of Buffalo

SPANISH

Spanish is one of the languages offered in our high school. The Spaniards have influenced our language and social customs, which in turn has helped to shape our American heritage.

In the past two years, the Spanish students have been taught by a new system. The new words are first learned by ear and later seen in print. Our high school is one of the first to have a language laboratory which helps the student learn the dialogue.

MR. DANIEL LOUNSBURY
Clarion State Teachers College

DRIVER TRAINING

Learning the rules of the road, becoming familiar with the mechanical aspects of an automobile, and acquiring safe driving habits are all essential in our modern society, in which the automobile has become a necessity rather than a luxury. Since driving is such an integral part of our lives today, it is necessary that it be taught well to future drivers, and this is ably done in the driver training class at Falconer Central School. When a driving student finishes the course and passes his test, he is capable of handling a car under almost any condition. Mr. Lounsbury, the driving instructor, gives confidence and knowledge to students to achieve this goal.

MR. ROBERT NORTON
Cornell University

AGRICULTURE

The vocational agriculture student works hard to achieve his goal. As a freshman he strives for the "Green Hand" degree. Next come the Chapter Farmer degree, the Chautauqua County degree, and finally the State Empire Farmer degree.

The Falconer FFA Chapter provides an opportunity for the "Ag" student to participate in many leadership activities. With the combined efforts and enthusiasm brought about by their activities, the boys can grow up as capable and well-qualified farmers of tomorrow.

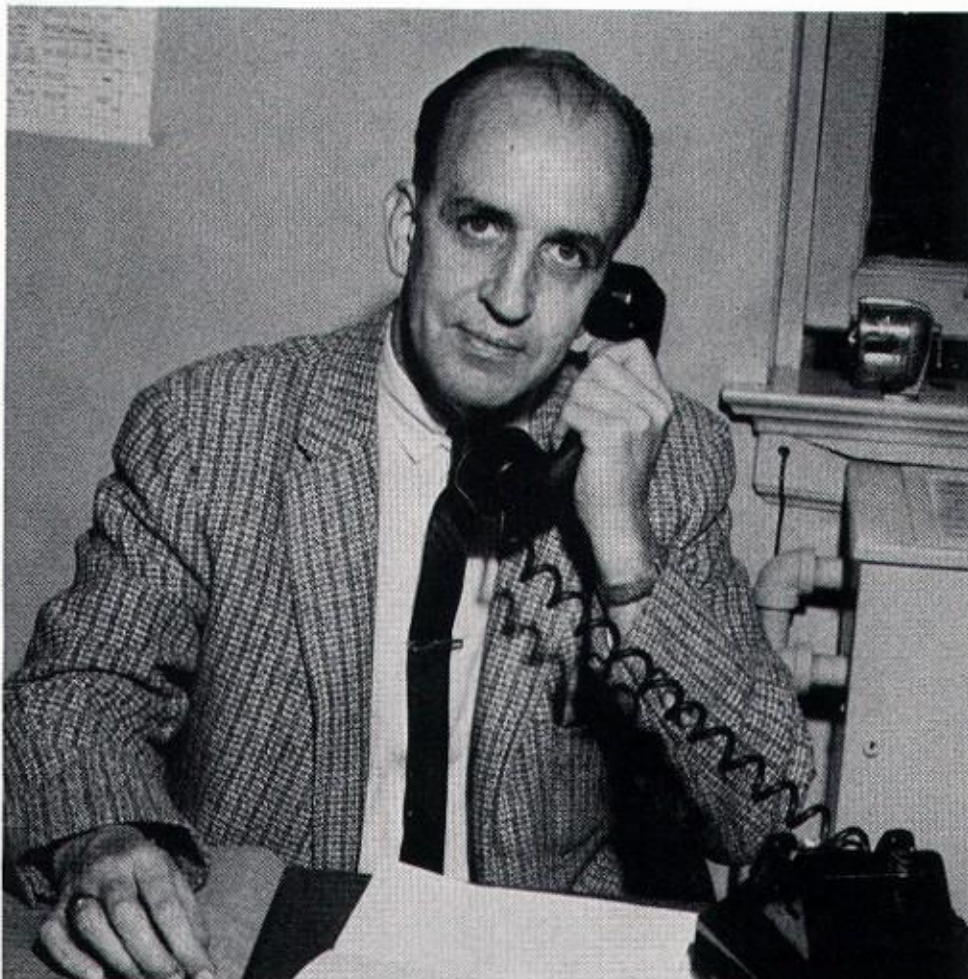

The judging events that the boys enter also advance their knowledge and training. Members each year have an opportunity to visit such places as the Toronto Mid-Winter Fair, the Harrisburg Farm Show, and the Cornell Ag Science Youth program. They gain experience and confidence with these trips and competitive events.

GUIDANCE COUNSELORS

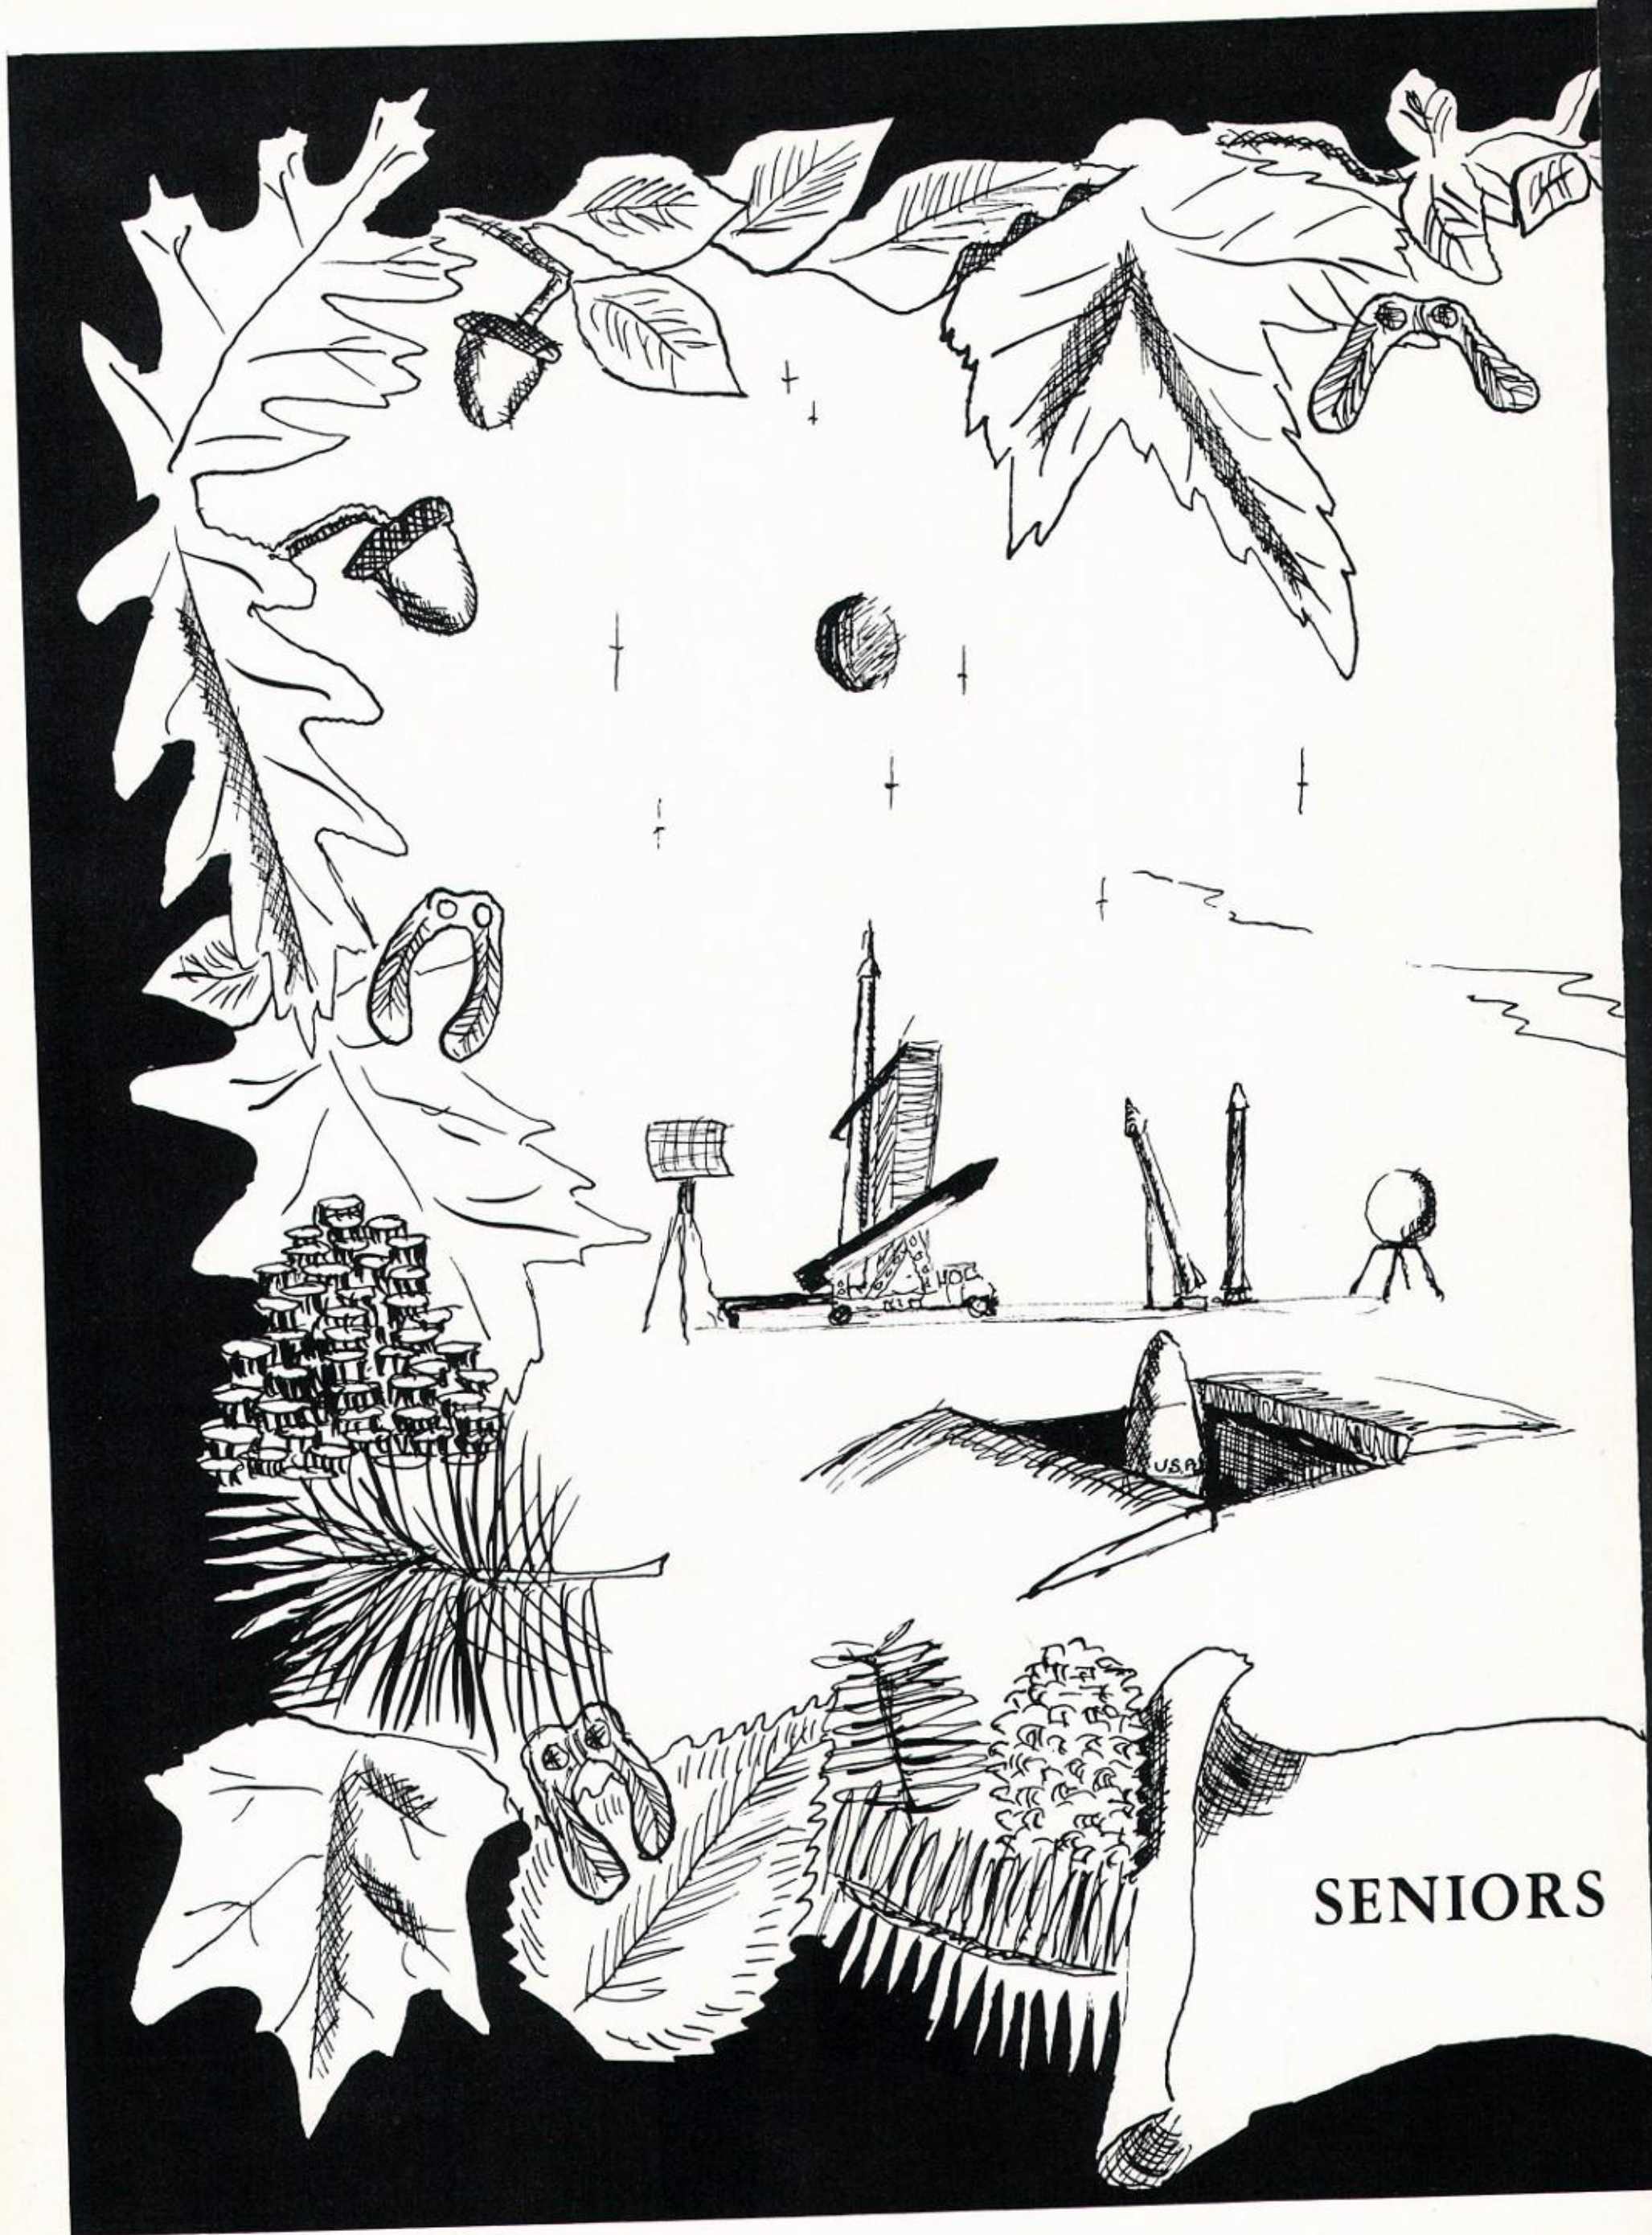

MISS EDITH WEAVER
Keuka College

Much of the success of our future lives is placed in the hands of our guidance counselors, Miss Weaver and Mr. Anderson. They give several different kinds of test to help the student determine his strong points and his weaknesses. If the student should decide to further his education, they also help him pick the right college or vocational school. They have much to do with the future of our "American Heritage".

Since the school year of 1960-1961, Falconer has been host to a number of South American students under International Fellowship, Inc. This has been an especially fruitful year in this aspect. We have been privileged to have adopted into Falconer's school and social lives eight exchange students from several of our neighboring countries to the south. In addition to this accomplishment, we also sent two Falconer students to South America.

We know of no better way in which to dissolve regional and national prejudices, exchange cultures, or understand the political machinery of other American democracies than the system of which we are presently a part.

It is therefore the sincere desire of the Falconaire staff to have this program develop along a course which will assure the quick fruition of a more friendly, understanding community of nations in the Americas.

MR. LINDHOLM
Faculty Advisor

The production of a yearbook is more difficult than is realized by most of the members of the student body. Long hours of hard work by the staff are necessary to make the yearbook a reality. Money-raising projects must also be carried out to insure the complete success of the finished yearbook. Our advisor, Mr. Lindholm, through his encouragement, inspires the staff to work on even though deadline dates seem impossible. At times our work seems in vain but, in June when we realize the experience we have gained, we feel proud to present to the Faculty and student body the completed Falconaire.

STUDENT COUNCIL

CANDIDATES

LEFT TO RIGHT: B. Anderson, P. Bardo, G. Bedient, G. Beckerink.

The Student Council is one of the most important organizations of the school body. The Student Council meets to make decisions on the smooth running of the school, just as the president and his cabinet keep our government running smoothly. This organization distributes dances and concession stands evenly to the other school organizations. A member from each homeroom is represented in the Student Council. The President of the Student Council is elected in his junior year by the entire school body. This year's president was Bruce Anderson.

NATIONAL HONOR SOCIETY

The National Honor Society inducts five percent of the Junior Class in the spring and ten percent of the Senior Class in the fall. This is the greatest honor bestowed by Falconer High School, for not only must a student be in the upper third of his class but also he must exemplify the ultimate in character, leadership, and service. With such a great honor goes also great responsibility to the inductee and to his classmates. Throughout our entire nation such chapters recognize qualified students.

<i>Treasurer</i>	Linda Lamb

Under the direction of Mr. Heglund, you will find busy students practicing every Monday, Wednesday, and Friday.

During the Christmas season, the choir joins in to present the annual Christmas Concert. To add to the joy of the season, you will hear these carolers singing well known hymns of the season. These lively voices help brighten the spirit of Christmas.

Another big event arrives in the Spring when the Spring Concert is presented at Chautauqua. Students from the neighboring schools join in to present a fine program. Their cheerful voices always welcome the arriving of Spring in America.

1963

As we review the "Golden Falcon's" record, we find that that record is one of which we may be proud. Each member of the team and its coaches, "Skip" Mathieson and Bill Race, gave the team his own special contribution. This teamwork resulted in a three way tie for the league championship between Falconer, Salamanca, and Gowanda. There were times when the "Falks" had their letdowns. The greatest of these was their defeat by Salamanca; however, they quickly regained their confidence. Showing this very well, even while under emotional strain, our "Golden Falcons" regained their glory by defeating Gowanda. Thus, for the third consecutive year, our Alma Mater has a share of the league trophy. We congratulate you for a season well played.

VARSITY BASKETBALL

Although the Varsity won only three games this season, they have shown greatness in an ideal called sportsmanship. Even though it is important and elating to have a winning team, it is even more pertinent and uplifting to be able to "take it" when plays and plans fail. Sportsmanship, too, is an integral part of our American heritage, and we many times fall short of meeting this. For this and for the determined efforts of Coach Black and the team, we of the Falconaire give our congratulations.

Mr. Lounsbury and David Norton.

Wrestling is one sport which has just recently become popular in our school. Students are finally aware of the fact that this sport involves more than brute strength. These do, of course, have their place in the sport, but more important are agility, balance, and a thorough knowledge of appropriate wrestling holds.

Under Mr. Daniel Lounsbury, the wrestling team nearly always has had a successful and praiseworthy season. Several of our wrestlers competed in this year's sectionals and were successful in holding their titles.

VARSITY CHEERLEADERS

The Varsity Cheerleader's main objectives are to support the team to victory and to encourage school spirit. This means not only to encourage the students attendance at the games, but also to support the cheerleaders in the cheers. The squad consists of eight cheerleaders: four seniors, three juniors, and one sophomore.

Throughout America the cheerleaders, with their agile bodies and smiling faces, help to create a high spirit in both the players and the audience.

J.V. FOOTBALL

What is true for other football teams is also true for the Junior Varsity team. They practice and play hard. Football is a sport in which one must have both physical stamina and mental alertness. They must continue tackling, pushing, passing and running and at the same time plan their next play. Everyone gives these boys a lot of credit for their efforts this year, with the hope that this year's experience will be an asset to the Varsity team next year.

FIRST ROW: R. Robbins, A. Cavallaro, C. Di Vincenzo, F. Manfrey, R. Raeon. SECOND ROW: T. Mee, L. Foulk, C. McKee, J. Hanson, W. Silvernail, S. Graham, D. Carlson, L. Swanson, Mr. Battaglia.

J.V. BASKETBALL

FIRST ROW: D. Lanquist, T. Strickland, D. Kent, T. Franchina, T. Mee, B. Beckerink. SECOND ROW: D. Wilder, B. Leyman, B. Foy, T. Scarborough, J. Schwan, K. Gable, D. Brant.

We had an exceptionally fine Junior Varsity Basketball team this year. During this year's basketball season, we, the fans, enthusiastically cheered our J.V. players. Each player worked with his teammates in a co-operative manner, which resulted in an effective and often victorious team.

For as we cheered the J.V.'s as they "dunked" a basket or regained the ball, we saw Mr. Jowett, their coach, encouraging the boys on to victory. We therefore not only congratulate our team, but also its capable coach, Mr. Jowett.

JUNIOR VARSITY CHEERLEADERS

The Junior Varsity Cheerleaders are either sophomore or junior girls who are chosen both for their ability in cheering and for their character. These girls are considered to be the finest examples of our school, either at home or away games. The players are given spirit and encouragement at all times by these girls.

ROW ONE: Judy Bryant, Shirley Lange, Judy Strain, Chloe Pangborn.

ROW TWO: Brenda Pickard, Dawn Johnson, Greta Mee, Barbara Scoma.

JUNIOR HIGH CHEERLEADERS

This is the exciting start in cheerleading for many girls. These energetic girls are the main support of our Junior High teams. The entire squad consists of Freshman girls. They work with and for the other squads at concession stands, with the enthusiastic hope that someday they will be Junior Varsity or Varsity cheerleaders.

KNEELING: Wendy Wheelock, Debbie Frederes, Candy Benson, Linda Franzen. STANDING: Donna Bianco, Cindy Card, Barb Leyman.

JR. HIGH FOOTBALL

This team consists of the youngest members of our school—the seventh, eighth, and ninth grade students. For most of the players, it is their first experience on an organized football team. During their after school hours of hard practice, they learn and practice plays; get tackled and elbowed; and in general learn that football has not only its joys but also its bruises. They even sometimes doubt the joys of such a sport until they have a game. It is then that all those aches and bruises acquired in practice give way to the joy and pride of hearing the cheerleaders and fellow students cheering them on to do their very best.

ROW ONE: W. Abbey, G. Melquist, S. Piazza, D. Brant.
ROW TWO: Manager G. Wood, F. Tilaro, J. Kotar, G. Leonard, S. Manfrey, T. Strain, L. Rosetti. ROW THREE: L. Brown, M. Overturf, D. Stimson, R. Nelson, T. Larson, W. Brown, D. Tanner, Mr. Anderson.

JR. HIGH BASKETBALL

LEFT TO RIGHT: T. Willet, F. Tilaro, O. Mee, F. Rossi, S. Piazza, D. Engstrom, J. Buck, R. Lindahl, R. Lawrence, G. Clark, D. Tanner, L. Bianco, L. Brown, R. Nelson, R. Hardin.

As we review the Junior High Basketball record, we see that the team did admirably well this year. Most of these seventh through ninth grade students have had little previous experience in inter-scholastic competition, but before the season has terminated each member is much better versed in the fundamentals of basketball.

VARSITY CHEERLEADERS

LEFT TO RIGHT: H. Jarret, T. Bardo, K. Peterson, J. Card, S. McMillan, C. Gable, P. Abbey, J. Lindquist.

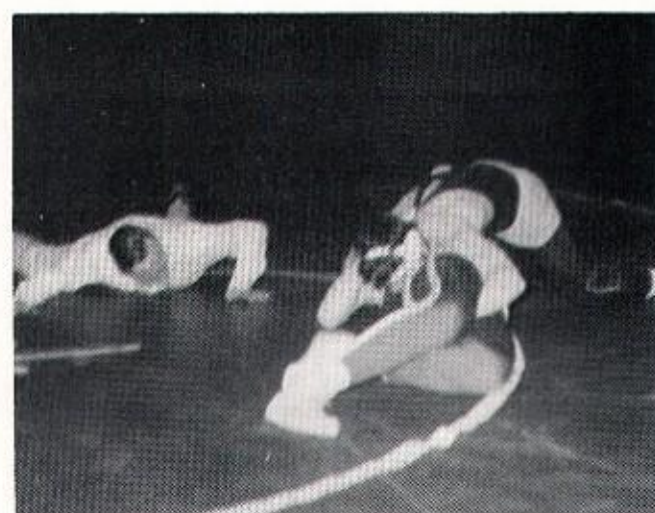

MAJORETTES

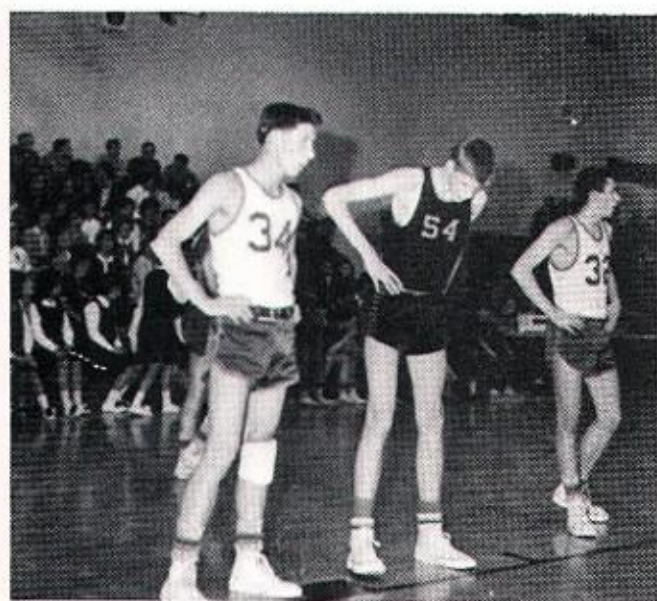

LEFT TO RIGHT: S. Gaeta, S. Cusimano, W. Engstrom.

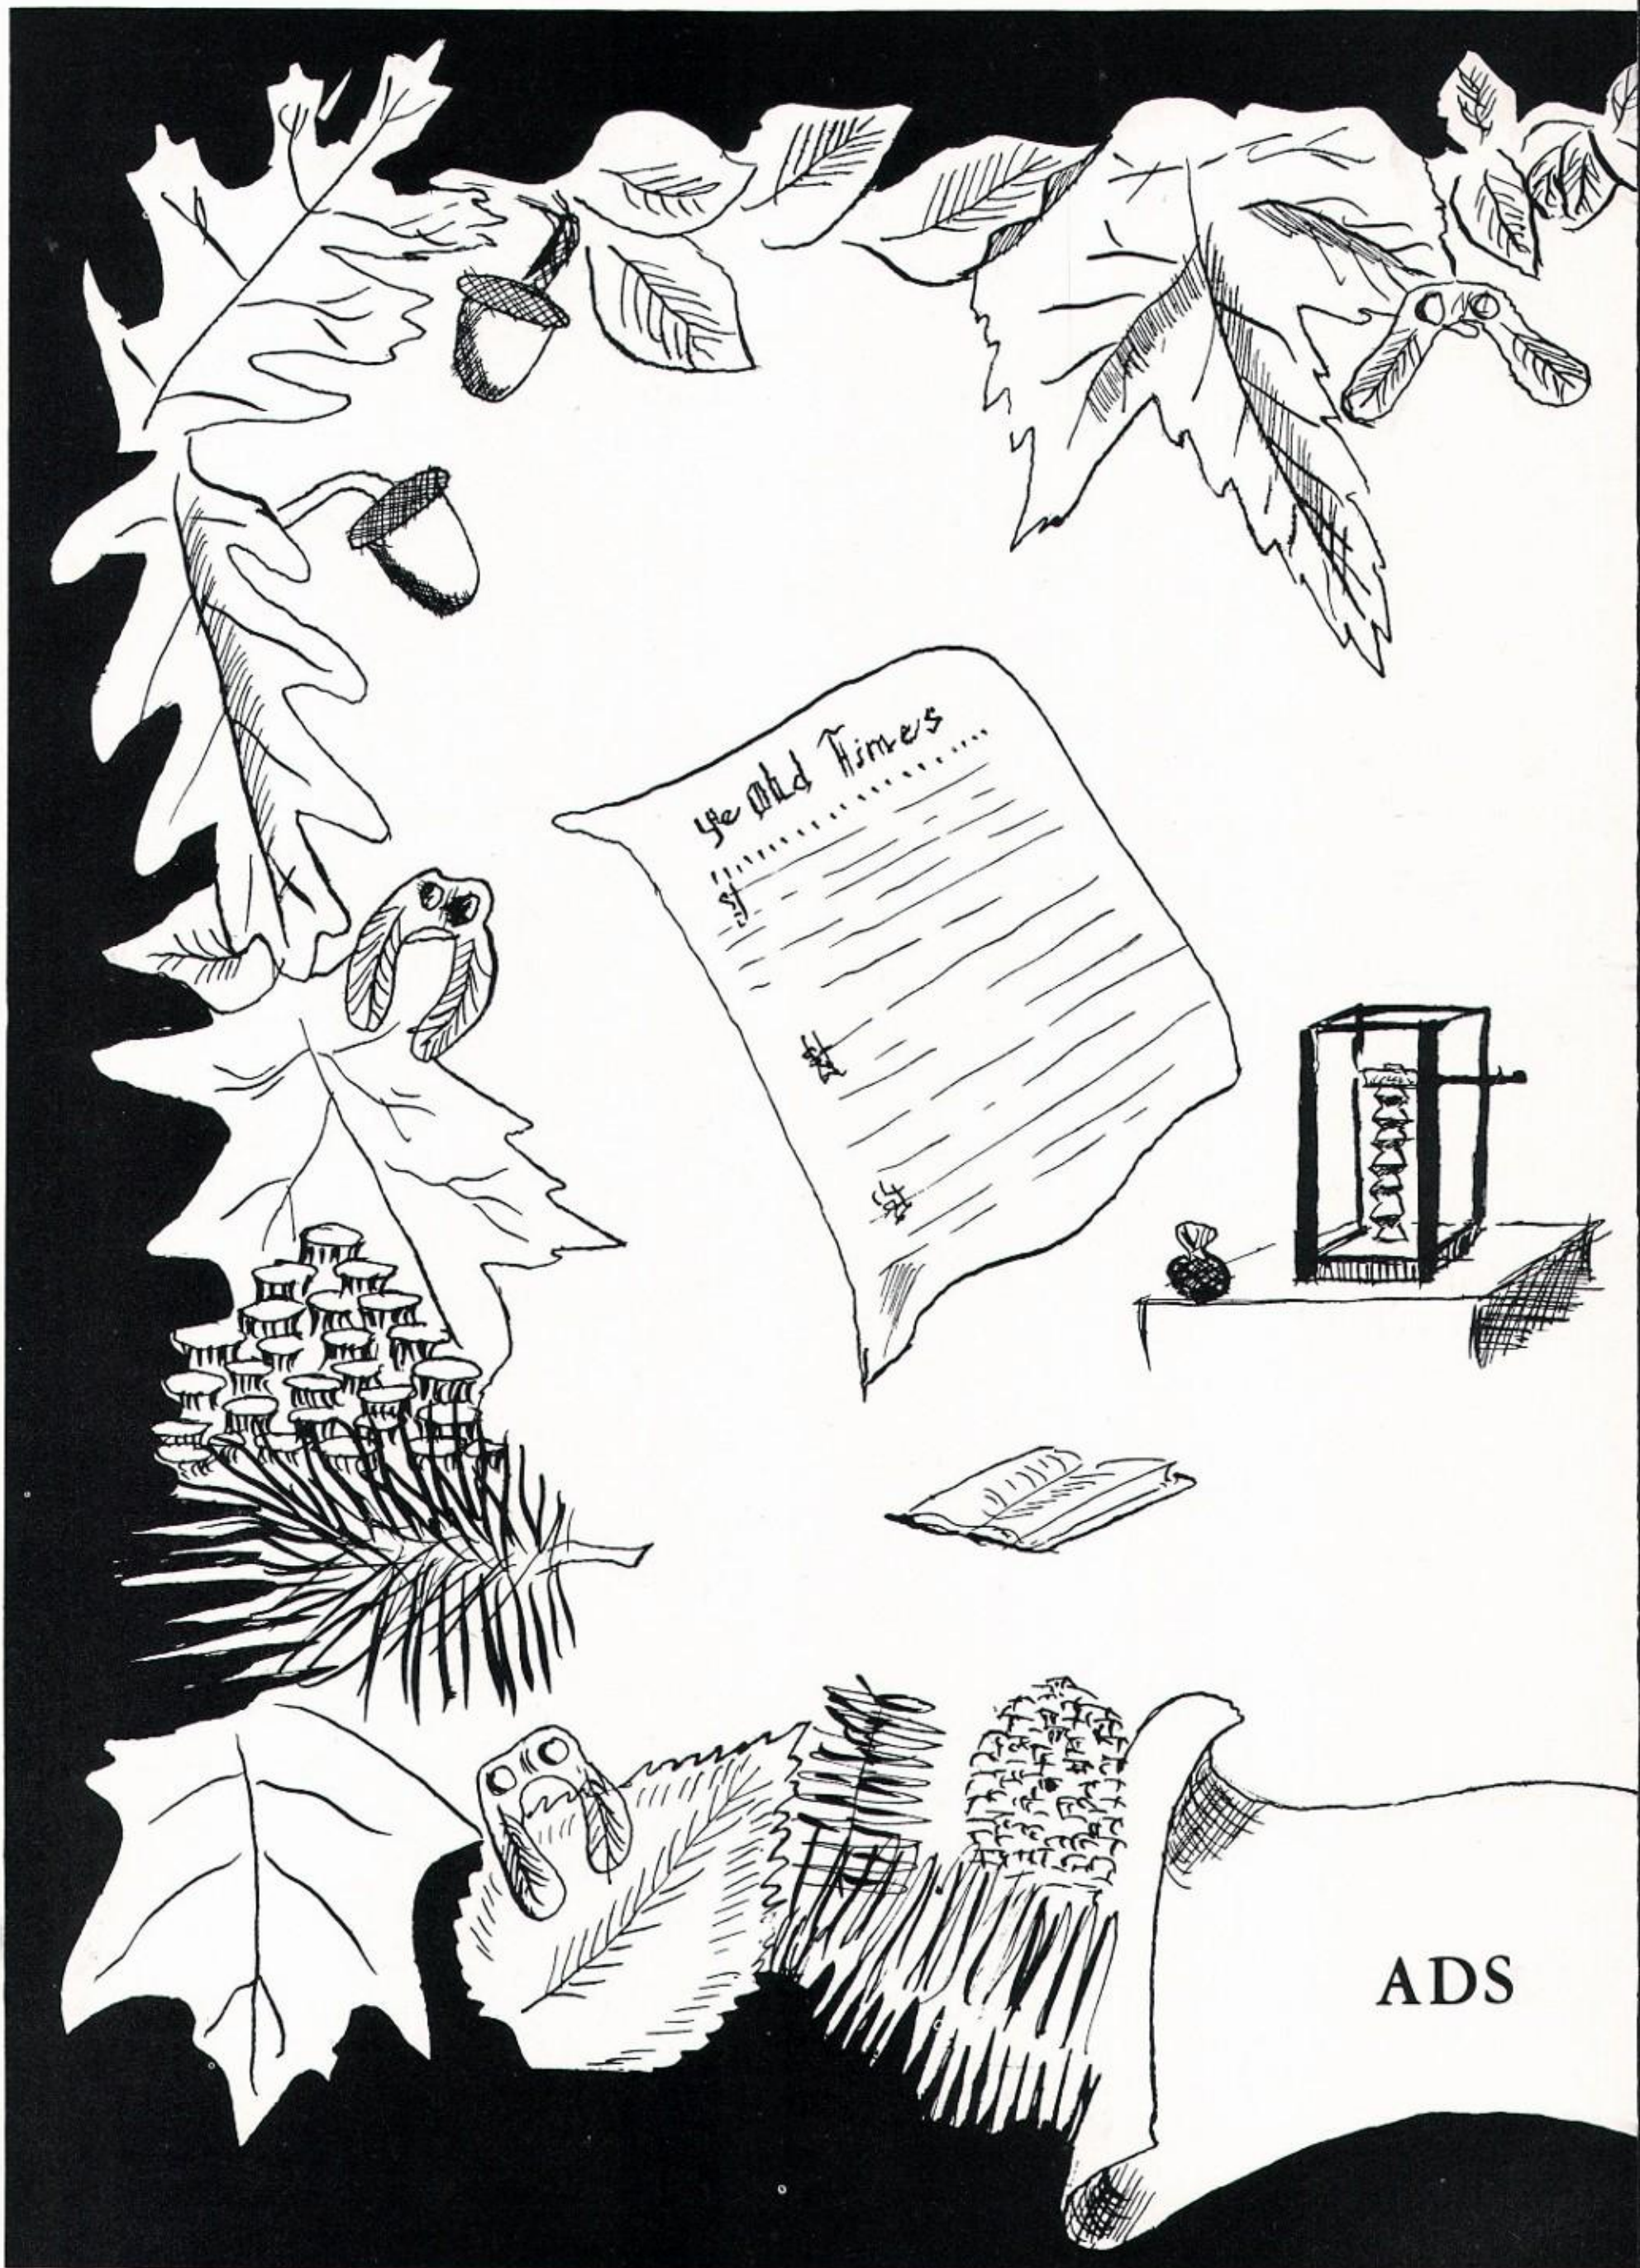

Falconer Central School is proud of its majorettes. This group consists of three senior girls. The majorettes accompany the varsity and junior varsity cheerleaders with their routines at football and basketball games. Besides these school activities, they also lead the band in the traditional Memorial Day Parade.
